Plaintiffs United States of America, on behalf of the United States Environmental Protection Agency (“EPA”), and the State of Nebraska (“State”), acting through the Nebraska Attorney General, on behalf of the Nebraska Department of Environment and Energy (“NDEE”), have filed a complaint in this action concurrently with this Consent Decree, alleging that Defendant, Clean Harbors Environmental Services, Inc., violated Sections 3004 and 3005 of the Resource Conservation and Recovery Act (“RCRA”), 42 U.S.C. §§ 6924, 6925; Sections 112(r) and 113 of the Clean Air Act (“CAA”), 42 U.S.C. §§ 7412(r) and 7413; Section 313(a) of the Emergency Planning and Community Right to Know Act (“EPCRA”), 42 U.S.C. § 11023(a); and the Nebraska Environmental Protection Act, Neb. Rev. Stat. § 81-1501 *et seq.*

The Complaint against Defendant alleges that violations of these statutes and the regulations promulgated thereunder have occurred at Defendant’s hazardous waste treatment, storage and disposal facility located at 2247 South Highway 71 in Kimball, Nebraska. The facility performs hazardous materials management and disposal services. As part of its operations, the facility receives bulk solid and hazardous wastes in drums and containers, and liquid, solid, and hazardous wastes by tanker truck and drums. These wastes are either incinerated on-site or shipped off-site to another designated facility. Over a series of inspections conducted by EPA and NDEE between 2011 and 2019, EPA and NDEE contend that Defendant has committed hazardous waste management, risk management, air emissions, and toxic release inventory reporting violations at its facility.

Defendant does not admit any liability to the United States or the State arising out of the transactions or occurrences alleged in the Complaint.

The Parties recognize, and the Court by entering this Consent Decree finds, that this Consent Decree has been negotiated by the Parties in good faith and will avoid litigation among the Parties and that this Consent Decree is fair, reasonable, and in the public interest.

NOW, THEREFORE, before the taking of any testimony, without the adjudication or admission

of any issue of fact or law except as provided in Section I and with the consent of the Parties, IT IS HEREBY ADJUDGED, ORDERED, AND DECREED as follows:

I. JURISDICTION AND VENUE

1. This Court has jurisdiction over the subject matter of this action, pursuant to 28 U.S.C. §§ 1331, 1345, and 1355, and Sections 113(b) and 167 of the CAA, 42 U.S.C. §§ 7413(b) and 7477; Section 325(c)(4) of EPCRA, 42 U.S.C. § 11045(c)(4); and Sections 3008(a)(1) and (g) of RCRA, 42 U.S.C. §§ 6928(a)(1) and (g), and over the Parties. Venue lies in this District pursuant to CAA Section 113(b), 42 U.S.C. § 7413(b); EPCRA Section 325(b)(3), 42 U.S.C. § 11045(b)(3); RCRA Section 3008(a), 42 U.S.C. § 6928(a); and 28 U.S.C. §§ 1391(b), (c), and 1395(a), because it is the judicial district where the Defendant is located, where a substantial part of the events or omissions giving rise to the claim occurred, and where the alleged violations occurred. For purposes of this Decree, or any action to enforce this Decree, Defendant consents to the Court's jurisdiction over this Decree and any such action and over Defendant and consents to venue in this judicial district.

2. For purposes of this Consent Decree, Defendant agrees that the Complaint states claims upon which relief may be granted pursuant to Sections 3004 and 3005 of RCRA, 42 U.S.C. §§ 6924, 6925; Sections 112(r) and 113 of the CAA, 42 U.S.C. §§ 7412(r) and 7413; Section 313(a) of EPCRA, 42 U.S.C. § 11023(a); and the Nebraska Environmental Protection Act, Neb. Rev. Stat. § 81-1501 *et seq.*

6. Defendant shall provide a copy of this Consent Decree to all officers, employees, and agents whose duties might reasonably include compliance with any provision of this Decree, as well as to any contractor retained to perform work required under this Consent Decree. Defendant shall condition any such contract upon performance of the work in conformity with the terms of this Consent Decree.

21. **Fire Hazard Prevention and Response Program.** Defendant shall, as promptly as possible but no later than 48 hours after any Incompatible Chemical Reaction in Building 55, conduct an incident investigation for each Incompatible Chemical Reaction in accordance with 40 C.F.R. § 68.81, regardless of whether each incident resulted in, or could have reasonably resulted in a catastrophic release of a regulated substance. The investigation shall identify the source and category of any wastes involved, what characterizations of such waste was done to determine compatibility, and what measures shall be taken to prevent mixing of incompatible wastes in the future. Notice shall be provided to EPA and to the State within 24 hours of any Incompatible Chemical Reaction, and a report of the incident investigations shall be provided to EPA and the State within 15 Days of completion.

25. If the submission is disapproved in whole or in part pursuant to Paragraph 23(c) or (d), Defendant shall, within 45 Days or such other time as the Parties agree to in writing, correct all deficiencies and resubmit the plan, report, or other item, or disapproved portion thereof, for approval, in accordance with the preceding Paragraphs. If the resubmission is approved in whole or in part, Defendant shall proceed in accordance with the preceding Paragraph.

26. If a resubmitted plan, report, or other item, or portion thereof, is disapproved in whole or in part, EPA, after consultation with the State, may again require Defendant to correct any deficiencies, in accordance with the preceding Paragraphs, or may themselves correct any deficiencies subject to Defendant's right to invoke Dispute Resolution and the right of EPA and the State to seek stipulated penalties as provided in Section VII.

27. Any stipulated penalties applicable to the original submission, as provided in Section VII, shall accrue during the 45 Day period or other specified period, but shall not be payable unless the resubmission is untimely or if the original submission or the resubmission was so deficient as to constitute a material breach of Defendant's obligations under this Decree, the stipulated penalties applicable to the original submission shall be due and payable notwithstanding any subsequent resubmission.

28. Permits. Where any compliance obligation under this Section requires Defendant to obtain a federal, state, or local permit or approval, Defendant shall submit timely and complete applications and take all other actions necessary to obtain all such permits or approvals. Defendant may seek relief under the provisions of Section VIII (Force Majeure) for any delay in the performance of any such obligation resulting from a failure to obtain, or a delay in obtaining, any permit or approval required to fulfill such obligation, if Defendant has submitted timely and complete applications and has taken all other actions necessary to obtain all such permits or approvals.

VI. REPORTING REQUIREMENTS

29. Defendant shall submit the following reports:

- a. By July 31st and January 31st of each year after the lodging of this Consent Decree, until termination of this Decree pursuant to Section XVII (Termination), Defendant shall submit in writing a semi-annual report for the preceding six months that shall include the status of any compliance audits and other compliance measures; completion of milestones; problems encountered or anticipated, together with implemented or proposed solutions; summarize all Incompatible Chemical Reactions that occurred in Building 55 during the report period and document all corrective actions implemented to prevent recurrence; and reports to state agencies. The first report after the Effective Date shall cover

the entire period since signature by Defendant, even if it encompasses more than six months.

- b. The report shall also include a description of any non-compliance with the requirements of this Consent Decree and an explanation of the violation's likely cause and of the remedial steps taken, or to be taken, to prevent or minimize such violation. If Defendant violates, or has reason to believe that it may violate, any requirement of this Consent Decree, Defendant shall notify the United States and the State of such violation and its likely duration, in writing, within 15 Days of the Day Defendant first becomes aware of the violation, with an explanation of the violation's likely cause and of the remedial steps taken, or to be taken, to prevent or minimize such violation. If the cause of a violation cannot be fully explained at the time the report is due, Defendant shall so state in the report. Defendant shall investigate the cause of the violation and shall then submit an amendment to the report, including a full explanation of the cause of the violation, within 30 Days of the Day Defendant becomes aware of the cause of the violation. Nothing in this Paragraph or the following Paragraph relieves Defendant of its obligation to provide the notice required by Section VIII (Force Majeure).

30. Whenever any violation of this Consent Decree or of any applicable permits or any other event affecting Defendant's performance under this Decree, or the performance of its Facility, may pose an immediate threat to the public health or welfare or the environment, Defendant shall notify EPA and the State orally or by electronic transmission as soon as possible, but no later than 24 hours after Defendant first knew of the violation or event. This procedure is in addition to the requirements set forth in the preceding Paragraph.

31. All reports shall be submitted to the persons designated in Section XIII (Notices).

32. Each report submitted by Defendant under this Section shall be signed by an official of the submitting party and include the following certification:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I have no personal knowledge that the information submitted is other than true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

33. This certification requirement does not apply to emergency or similar notifications where compliance would be impractical.

34. The reporting requirements of this Consent Decree do not relieve Defendant of any reporting obligations required by the Acts or implementing regulations, or by any other federal, state, or local law, regulation, permit, or other requirement.

35. Any information provided pursuant to this Consent Decree may be used by the United States and the State in any proceeding to enforce the provisions of this Consent Decree and as otherwise permitted by law.

VII. STIPULATED PENALTIES

36. Defendant shall be liable for stipulated penalties to the United States and the State for violations of this Consent Decree as specified below, unless excused under Section VIII (Force Majeure). A violation includes failing to perform any obligation required by the terms of this Decree, including any work plan or schedule approved under this Decree, according to all applicable requirements of this Decree and within the specified time schedules established by or approved under this Decree.

37. Late Payment of Civil Penalty. If Defendant fails to pay the civil penalty required to be paid under Section IV (Civil Penalty) when due, Defendant shall pay a stipulated penalty of \$10,000 per Day for each Day that the payment is late.

38. Stipulated Penalties for Paragraphs 13-22:

a. Audit Findings. For any violations listed in an Auditor's Report submitted to EPA and the State pursuant to Appendix A, provided that such Audit Finding is corrected in accordance with Paragraphs 20 - 24 of Appendix A, no stipulated penalties shall apply. If corrective action is not taken in accordance with the schedule provided in Paragraphs 20 – 24 of Appendix A, or EPA and the State determine that the corrective action is not adequate, or the violation was discovered during an inspection performed by EPA or the State prior to the Audit, the stipulated penalties outlined in Paragraph 38.b apply.

b. The following stipulated penalties shall accrue per violation per Day for violations of the requirements set forth in Paragraphs 13-22, unless Paragraph 39.a applies.

42. Stipulated penalties under this Section shall begin to accrue on the Day after performance is due or on the Day a violation occurs, whichever is applicable, and shall continue to accrue until performance is satisfactorily completed or until the violation ceases. Stipulated penalties shall accrue simultaneously for separate violations of this Consent Decree.

43. Defendant shall pay any stipulated penalties to the United States and the State within 60 Days of a written demand by either Plaintiff. Defendant shall pay 50% percent of the total stipulated penalty amount due to the United States and 50% percent to the State. The Plaintiff making a demand for payment of a stipulated penalty shall simultaneously send a copy of the demand to the other Plaintiff.

44. Either Plaintiff may in the unreviewable exercise of its discretion, reduce or waive its portion of the stipulated penalties otherwise due it under this Consent Decree.

45. Stipulated penalties shall continue to accrue as provided in Paragraph 42, during any Dispute Resolution (Section IX), but need not be paid until the following:

- a. If the dispute is resolved by agreement of the Parties or by a decision of EPA or the State that is not appealed to the Court, Defendant shall pay accrued penalties determined to be owing, together with interest, to the United States or the State within 30 Days of the effective date of the agreement or the receipt of EPA's and/or the State's decision or order.

- b. If the dispute is appealed to the Court and the United States or the State prevails in whole or in part, Defendant shall pay all accrued penalties determined by the Court to be owing, together with interest, within 60 Days of receiving the Court's decision or order, except as provided in subparagraph c, below.
- c. If any Party appeals the District Court's decision, Defendant shall pay all accrued penalties determined to be owing, together with interest, within 60 Days of receiving the final appellate court decision.

Defendant shall pay stipulated penalties owing to the State in the manner set forth and with confirmation notices required by Paragraph 11, except the confirmation notice (via email or regular mail) shall state that the payment is for stipulated penalties and shall state for which violation(s) the penalties are being paid.

47. If Defendant fails to pay stipulated penalties according to the terms of this Consent Decree, Defendant shall be liable for interest on such penalties, as provided for in 28 U.S.C. § 1961, accruing as of the date payment became due. Nothing in this Paragraph shall be construed to limit the United States or the State from seeking any remedy otherwise provided by law for Defendant's failure to pay any stipulated penalties.

48. The payment of penalties and interest, if any, shall not alter in any way Defendant's obligation to complete the performance of the requirements of this Consent Decree.

49. Non-Exclusivity of Remedy. Stipulated penalties are not the United States' or the State's exclusive remedy for violations of this Consent Decree. Subject to the provisions of Section XI (Effect of Settlement/Reservation of Rights), the United States and the State expressly reserve the right to seek

any other relief they deem appropriate for Defendant's violation(s) of this Decree or applicable law, including but not limited to an action against Defendant for statutory penalties, additional injunctive relief, mitigation or offset measures, and/or contempt. However, the amount of any statutory penalty assessed for a violation of this Consent Decree shall be reduced by an amount equal to the amount of any stipulated penalty assessed and paid pursuant to this Consent Decree.

VIII. FORCE MAJEURE

50. "Force majeure," for purposes of this Consent Decree, is defined as any event arising from causes beyond the control of Defendant, of any entity controlled by Defendant, or of Defendant's contractors, that delays or prevents the performance of any obligation under this Consent Decree despite Defendant's best efforts to fulfill the obligation. The requirement that Defendant exercise "best efforts to fulfill the obligation" includes using best efforts to anticipate any potential force majeure event and best efforts to address the effects of any potential force majeure event (a) as it is occurring and (b) following the potential force majeure, such that the delay and any adverse effects of the delay are minimized. "Force Majeure" does not include Defendant's financial inability to perform any obligation under this Consent Decree.

51. If any event occurs or has occurred that may delay the performance of any obligation under this Consent Decree, whether or not caused by a force majeure event, Defendant shall provide notice orally or by electronic or facsimile transmission to EPA and the State in accordance with Section XIII (Notices), within five Days of when Defendant first knew that the event might cause a delay. Within seven Days thereafter, Defendant shall provide in writing to EPA and the State an explanation and description of the reasons for the delay; the anticipated duration of the delay; all actions taken or to be taken to prevent or minimize the delay; a schedule for implementation of any measures to be taken to prevent or mitigate the delay or the effect of the delay; Defendant's rationale for attributing such delay to a force majeure event if it intends to assert such a claim; and a statement as to whether, in the opinion

of Defendant, such event may cause or contribute to an endangerment to public health, welfare or the environment. Defendant shall include with any notice all available documentation supporting the claim that the delay was attributable to a force majeure. Failure to comply with the above requirements shall preclude Defendant from asserting any claim of force majeure for that event for the period of time of such failure to comply, and for any additional delay caused by such failure. Defendant shall be deemed to know of any circumstance of which Defendant, any entity controlled by Defendant, or Defendant's contractors knew or should have known.

52. If EPA, after a reasonable opportunity for review and comment by the State, agrees that the delay or anticipated delay is attributable to a force majeure event, the time for performance of the obligations under this Consent Decree that are affected by the force majeure event will be extended by EPA, after a reasonable opportunity for review and comment by the State, for such time as is necessary to complete those obligations. An extension of the time for performance of the obligations affected by the force majeure event shall not, of itself, extend the time for performance of any other obligation. EPA will notify Defendant in writing of the length of the extension, if any, for performance of the obligations affected by the force majeure event.

53. If EPA, after a reasonable opportunity for review and comment by the State, does not agree that the delay or anticipated delay has been or will be caused by a force majeure event, EPA will notify Defendant in writing of its decision.

54. If Defendant elects to invoke the dispute resolution procedures set forth in Section IX (Dispute Resolution), it shall do so no later than 30 Days after receipt of EPA's notice. In any such proceeding, Defendant shall have the burden of demonstrating by a preponderance of the evidence that the delay or anticipated delay has been or will be caused by a force majeure event, that the duration of the delay or the extension sought was or will be warranted under the circumstances, that best efforts were exercised to avoid and mitigate the effects of the delay, and that Defendant complied with the

requirements of Paragraphs 50 and 51. If Defendant carries this burden, the delay at issue shall be deemed not to be a violation by Defendant of the affected obligation of this Consent Decree identified to EPA and the Court.

IX. DISPUTE RESOLUTION

55. Unless otherwise expressly provided for in this Consent Decree, the dispute resolution procedures of this Section shall be the exclusive mechanism to resolve disputes arising under or with respect to this Consent Decree. Defendant's failure to seek resolution of a dispute under this Section shall preclude Defendant from raising any such issue as a defense to an action by the United States or the State to enforce any obligation of Defendant arising under this Decree.

56. Informal Dispute Resolution. Any dispute subject to Dispute Resolution under this Consent Decree shall first be the subject of informal negotiations. The dispute shall be considered to have arisen when Defendant sends the United States and the State a written Notice of Dispute. Such Notice of Dispute shall state clearly the matter in dispute. The period of informal negotiations shall not exceed 20 Days from the date the dispute arises, unless that period is modified by written agreement. If the Parties cannot resolve a dispute by informal negotiations, then the position advanced by the United States, after consultation with the State, shall be considered binding unless, within 30 Days after the conclusion of the informal negotiation period, Defendant invokes formal dispute resolution procedures as set forth below.

57. Formal Dispute Resolution. Defendant shall invoke formal dispute resolution procedures, within the time period provided in the preceding Paragraph, by serving on the United States and the State a written Statement of Position regarding the matter in dispute. The Statement of Position shall include, but need not be limited to, any factual data, analysis, or opinion supporting Defendant's position and any supporting documentation relied upon by Defendant.

58. The United States, after consultation with the State, shall serve its Statement of Position within 60 Days of receipt of Defendant's Statement of Position. The United States' Statement of Position shall include, but need not be limited to, any factual data, analysis, or opinion supporting that position and any supporting documentation relied upon by the United States. The United States' Statement of Position shall be binding on Defendant, unless Defendant files a motion for judicial review of the dispute in accordance with the following Paragraph.

59. Defendant may seek judicial review of the dispute by filing with the Court and serving on the United States and the State, in accordance with Section XIII (Notices), a motion requesting judicial resolution of the dispute. The motion must be filed within 30 Days of receipt of the United States' Statement of Position pursuant to the preceding Paragraph. The motion shall contain a written statement of Defendant's position on the matter in dispute, including any supporting factual data, analysis, opinion, or documentation, and shall set forth the relief requested and any schedule within which the dispute must be resolved for orderly implementation of the Consent Decree.

60. The United States, after consultation with the State, shall respond to Defendant's motion within the time period allowed by the Local Rules of this Court. Defendant may file a reply memorandum, to the extent permitted by the Local Rules.

61. Standard of Review

- a. Disputes Concerning Matters Accorded Record Review. Except as otherwise provided in this Consent Decree, in any dispute brought under Paragraph 57 pertaining to the adequacy or appropriateness of plans, procedures to implement plans, schedules or any other items requiring approval by EPA and the State under this Consent Decree; the adequacy of the performance of work undertaken pursuant to this Consent Decree; and all other disputes that are accorded review on the administrative record under applicable principles of administrative law,

Defendant shall have the burden of demonstrating, based on the administrative record, that the position of the United States and the State is arbitrary and capricious or otherwise not in accordance with law.

- b. Other Disputes. Except as otherwise provided in this Consent Decree, in any other dispute brought under Paragraph 57, Defendant shall bear the burden of demonstrating that its position complies with this Consent Decree.

62. The invocation of dispute resolution procedures under this Section shall not, by itself, extend, postpone, or affect in any way any obligation of Defendant under this Consent Decree, unless and until final resolution of the dispute so provides. Stipulated penalties with respect to the disputed matter shall continue to accrue from the first Day of noncompliance, but payment shall be stayed pending resolution of the dispute as provided in Paragraph 45. If Defendant does not prevail on the disputed issue, stipulated penalties shall be assessed and paid as provided in Section VII (Stipulated Penalties).

X. INFORMATION COLLECTION AND RETENTION

63. The United States, the State, and their representatives, including attorneys, contractors, and consultants, shall have the right of entry into any facility covered by this Consent Decree, at all reasonable times, upon presentation of credentials, to:

- a. monitor the progress of activities required under this Consent Decree;
- b. verify any data or information submitted to the United States or the State in accordance with the terms of this Consent Decree;
- c. obtain samples and, upon request, splits of any samples taken by Defendant or its representatives, contractors, or consultants;
- d. obtain documentary evidence, including photographs and similar data; and
- e. assess Defendant's compliance with this Consent Decree.

64. Upon request, Defendant shall provide EPA and the State or their authorized representatives splits of any samples taken by Defendant. Upon request, EPA and the State shall provide Defendant splits of any samples taken by EPA or the State.

65. Until five years after the termination of this Consent Decree, Defendant shall retain, and shall instruct its contractors and agents to preserve, all non-identical copies of all documents, records, or other information (including documents, records, or other information in electronic form) in its or its contractors' or agents' possession or control, or that come into its or its contractors' or agents' possession or control, and that relate in any manner to Defendant's performance of its obligations under this Consent Decree. This information-retention requirement shall apply regardless of any contrary corporate or institutional policies or procedures. At any time during this information-retention period, upon request by the United States or the State, Defendant shall provide copies of any documents, records, or other information required to be maintained under this Paragraph.

66. At the conclusion of the information-retention period provided in the preceding Paragraph, Defendant shall notify the United States and the State at least 90 Days prior to the destruction of any documents, records, or other information subject to the requirements of the preceding Paragraph and, upon request by the United States or the State, Defendant shall deliver electronic copies of any such documents, records, or other information to EPA or the State. Defendant may assert that certain documents, records, or other information is privileged under the attorney-client privilege or any other privilege recognized by federal law or Nebraska law. If Defendant asserts such a privilege, it shall provide the following: (a) the title of the document, record, or information; (b) the date of the document, record, or information; (c) the name and title of each author of the document, record, or information; (d) the name and title of each addressee and recipient; (e) a description of the subject of the document, record, or information; and (f) the privilege asserted by Defendant and whether such privilege is recognized by federal law or Nebraska law. However, no documents, records, or other information

created or generated pursuant to the requirements of this Consent Decree shall be withheld on grounds of privilege.

67. Defendant may also assert that information required to be provided under this Section is protected as Confidential Business Information (“CBI”) under 40 C.F.R. Part 2. As to any information that Defendant seeks to protect as CBI, Defendant shall follow the procedures set forth in 40 C.F.R. Part 2 and the Nebraska Public Records Act, Neb. Rev. Stat. § 84-712 *et seq.*

68. This Consent Decree in no way limits or affects any right of entry and inspection, or any right to obtain information, held by the United States or the State pursuant to applicable federal or state laws, regulations, or permits, nor does it limit or affect any duty or obligation of Defendant to maintain documents, records, or other information imposed by applicable federal or state laws, regulations, or permits.

XI. EFFECT OF SETTLEMENT/RESERVATION OF RIGHTS

69. This Consent Decree resolves the civil claims of the United States and the State for the violations alleged in the Complaint filed in this action through the date of lodging.

70. The United States and the State reserve all legal and equitable remedies available to enforce the provisions of this Consent Decree. This Consent Decree shall not be construed to limit the rights of the United States or the State to obtain penalties or injunctive relief under the Act or implementing regulations, or under other federal or state laws, regulations, or permit conditions, except as expressly specified in Paragraph 69. The United States and the State further reserve all legal and equitable remedies to address any imminent and substantial endangerment to the public health or welfare or the environment arising at, or posed by, Defendant’s Facility, whether related to the violations addressed in this Consent Decree or otherwise.

71. In any subsequent administrative or judicial proceeding initiated by the United States or the State for injunctive relief, civil penalties, other appropriate relief relating to the Facility or

Defendant's violations, Defendant shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, res judicata, collateral estoppel, issue preclusion, claim preclusion, claim-splitting, or other defenses based upon any contention that the claims raised by the United States or the State in the subsequent proceeding were or should have been brought in the instant case, except with respect to claims that have been specifically resolved pursuant to Paragraph 69.

72. This Consent Decree is not a permit, or a modification of any permit, under any federal, State, or local laws or regulations. Defendant is responsible for achieving and maintaining complete compliance with all applicable federal, State, and local laws, regulations, and permits; and Defendant's compliance with this Consent Decree shall be no defense to any action commenced pursuant to any such laws, regulations, or permits, except as set forth herein. The United States and the State do not, by their consent to the entry of this Consent Decree, warrant or aver in any manner that Defendant's compliance with any aspect of this Consent Decree will result in compliance with provisions of RCRA, the CAA and EPCRA, 42 U.S.C. § 6901 *et seq.*; 42 U.S.C. § 7401 *et seq.*; 42 U.S.C. § 11001, *et seq.*; and the Nebraska Environmental Protection Act, Neb. Rev. Stat. § 81-1501 *et seq.*; or with any other provisions of federal, State, or local laws, regulations, or permits.

73. This Consent Decree does not limit or affect the rights of Defendant or of the United States or the State against any third parties, not party to this Consent Decree, nor does it limit the rights of third parties, not party to this Consent Decree, against Defendant, except as otherwise provided by law.

74. This Consent Decree shall not be construed to create rights in, or grant any cause of action to, any third party not party to this Consent Decree.

XII. COSTS

75. The Parties shall bear their own costs of this action, including attorneys' fees, except that the United States and the State shall be entitled to collect the costs (including attorneys' fees) incurred in

any action necessary to collect any portion of the civil penalty or any stipulated penalties adjudged to be due but not paid by Defendant.

78. Notices submitted pursuant to this Section shall be deemed submitted upon mailing, unless otherwise provided in this Consent Decree or by mutual agreement of the Parties in writing.

XIV. EFFECTIVE DATE

79. The Effective Date of this Consent Decree shall be the date upon which this Consent Decree is entered by the Court or a motion to enter the Consent Decree is granted, whichever occurs first, as recorded on the Court's docket.

XV. RETENTION OF JURISDICTION

80. The Court shall retain jurisdiction over this case until termination of this Consent Decree, for the purpose of resolving disputes arising under this Decree or entering orders modifying this Decree, pursuant to Sections IX and XVI, or effectuating or enforcing compliance with the terms of this Decree.

XVI. MODIFICATION

81. The terms of this Consent Decree, including any attached appendices, may be modified only by a subsequent written agreement signed by all the Parties. Where the modification constitutes a material change to this Decree, it shall be effective only upon approval by the Court.

82. Any disputes concerning modification of this Decree shall be resolved pursuant to Section IX (Dispute Resolution), provided, however, that, instead of the burden of proof provided by Paragraph 61, the Party seeking the modification bears the burden of demonstrating that it is entitled to the requested modification in accordance with Federal Rule of Civil Procedure 60(b).

XVII. TERMINATION

83. After Defendant has completed the requirements of Section V (Compliance Requirements), has complied with all other requirements of this Consent Decree, and has paid the civil penalty and any accrued stipulated penalties as required by this Consent Decree, Defendant may serve upon the United States and the State a Request for Termination, stating that Defendant has satisfied those requirements, together with all necessary supporting documentation, providing that a period of 5 years has elapsed from the effective date.

84. Following receipt by the United States and the State of Defendant's Request for Termination, the Parties shall confer informally concerning the Request and any disagreement that the Parties may have as to whether Defendant has satisfactorily complied with the requirements for termination of this Consent Decree. If the United States after consultation with the State agrees that the Decree may be terminated, the Parties shall submit, for the Court's approval, a joint stipulation terminating the Decree.

85. If the United States after consultation with the State does not agree that the Decree may be terminated, Defendant may invoke Dispute Resolution under Section IX. However, Defendant shall not seek Dispute Resolution of any dispute regarding termination until 15 Days after service of its Request for Termination.

XVIII. PUBLIC PARTICIPATION

86. This Consent Decree shall be lodged with the Court for a period of not less than 30 Days for public notice and comment in accordance with 28 C.F.R. § 50.7. The United States reserves the right to withdraw or withhold its consent if the comments regarding the Consent Decree disclose facts or considerations indicating that the Consent Decree is inappropriate, improper, or inadequate. Defendant consents to entry of this Consent Decree without further notice and agrees not to withdraw from or oppose entry of this Consent Decree by the Court or to challenge any provision of the Decree, unless the United States has notified Defendant in writing that it no longer supports entry of the Decree.

XIX. SIGNATORIES/SERVICE

87. Each undersigned representative of Defendant and the Attorney General for Nebraska and the Deputy Chief for the Environmental Enforcement Section of the Environment and Natural Resources Division of the Department of Justice certifies that he or she is fully authorized to enter into the terms and conditions of this Consent Decree and to execute and legally bind the Party he or she represents to this document.

88. This Consent Decree may be signed in counterparts, and its validity shall not be challenged on that basis. Defendant agrees to accept service of process by mail with respect to all matters arising under or relating to this Consent Decree and to waive the formal service requirements set forth in Rules 4 and 5 of the Federal Rules of Civil Procedure and any applicable Local Rules of this Court including, but not limited to, service of a summons. Defendant need not file an answer to the complaint in this action unless or until the Court expressly declines to enter this Consent Decree.

XX. INTEGRATION

89. This Consent Decree constitutes the final, complete, and exclusive agreement and understanding among the Parties with respect to the settlement embodied in the Decree and supersedes all prior agreements and understandings, whether oral or written, concerning the settlement embodied herein. The Parties acknowledge that there are no representations, agreements, or understandings relating to the settlement other than those expressly contained in this Consent Decree.

XXI. FINAL JUDGMENT

90. Upon approval and entry of this Consent Decree by the Court, this Consent Decree shall constitute a final judgment of the Court as to the United States, the State, and Defendant. The Court finds that there is no just reason for delay and therefore enters this judgment as a final judgment under Fed. R. Civ. P. 54 and 58.

Appendix A: Independent Third-Party Audit Protocol

1. Pursuant to Paragraph 22 of the Consent Decree, Defendant shall retain an independent third party Auditor(s) to conduct a CAA Section 112(r)(7) and a RCRA compliance Audit of the Facility in accordance with the requirements set forth in this Appendix A. Defendant shall give each Auditor a copy of this Consent Decree and all appendices, as well as all other information and access necessary to complete the Audits set forth herein. The Audits must evaluate the Facility's compliance or conformance with the Audit standards set forth in Paragraphs 13-14 below and with the compliance requirements set forth in the Consent Decree. Defendant shall ensure that the Auditors conduct the Audits in accordance with the requirements set forth in Paragraphs 13-14 below and according to the deadlines set forth in Paragraph 24 below.

2. The definitions set forth in Section III of the Consent Decree shall apply in the Audits conducted in accordance with this Appendix. All paragraph references in this Appendix refer to paragraphs in this Appendix unless otherwise noted.

3. **United States and State Approval of Auditors.** The United States and the State have approved Rick Curtis of ABS Consulting Inc. as an independent third-party Auditor to conduct independent third-party Audits required by Paragraph 22 of the Consent Decree and as set forth in this Appendix. If the Auditor identified above cannot satisfactorily perform the Audits, within 30 Days of learning that the Auditor cannot satisfactorily perform the Audit, Defendant shall submit for approval two or more proposed Auditors that meet the qualifications set forth in Paragraphs 4 and 5. In the event that it becomes necessary to select a replacement Auditor as mentioned in this Paragraph, the United States and the State shall review the proposed replacement Auditors and either approve them in accordance with Paragraph 8 or disapprove them in accordance with Paragraph 9.

4. Before the United States and the State can approve any replacement independent third-party Auditor to conduct the Audits required by Paragraph 22 of the Consent Decree and as set forth in Paragraphs 13-14 below, Defendant and each Auditor candidate must certify the following conditions have been met:

- a. The Auditor is an independent third party, such as a private auditor, inspector, or other type of verifier external to the Defendant. "Independent third-party" excludes the Defendant and its parent company and subsidiaries, second parties such as contractors or consultants that are within the firm's industry and with whom the regulated entity has a supply-chain relationship;
- b. The Auditor agrees that if they have worked for Defendant in the past or intends to work for Defendant in the future, he or she must disclose the nature of that work to Defendant and to EPA and the State, to allow the parties to determine if that work creates a potential conflict of interest; and
- c. The Auditor is either a recognized expert in the field of, or has otherwise demonstrated expertise in the application of, CAA Risk Management Program Regulations and RCRA regulations.

5. The Auditor and Defendant understand and agree that the Auditor and EPA and the State may communicate independently with each other without notice to, or including, Defendant.

6. Notwithstanding Paragraphs 1 to 5 the Auditor may assemble an auditing team, to be led by the Auditor. The auditing team may include other employees of the third-party auditor firm or subcontractors meeting the criteria of Paragraphs 4 and 5. The Auditor may obtain participation in any audit by Audit Participants, including Defendant's personnel; however, Audit Participants shall not contribute to any Auditor's Report under Paragraph 18. The United States and the State have approved the following ABS Consulting Inc. employees as members of the auditing team:

- a. Bill Bradshaw
- b. Gary Carrithers
- c. Marney Gilmore
- d. Jim Klein
- e. Dan Machiela
- f. Becky McDonald

7. The United States and the State shall review the proposed replacement Auditors and either approve them in accordance with Paragraph 8 or disapprove them in accordance with Paragraph 9.

8. The United States shall notify Defendant in writing whether it and the State approve the proposed replacement Auditor(s). Within 30 Days after the United States' and the State's approval of a replacement Auditor, Defendant shall retain an approved replacement Auditor to perform the activities set forth in Paragraphs 13 and 14 of this Appendix. Defendant shall ensure that all Audit personnel who conduct or otherwise participate in Audit activities have certified that they satisfy the conditions set forth in Paragraphs 4 and 5 above before receiving any payment from Defendant.

9. If the United States and the State disapprove of all of the proposed replacement Auditors, the United States will provide notice to Defendant stating the good-faith reasons for such disapprovals. Within 30 Days of receipt of the United States' and the State's notification, Defendant shall submit for approval another proposed replacement Auditor that meets the qualifications set forth in Paragraphs 4 and 5. The United States and the State shall review the proposed replacement Auditor in accordance with Paragraph 0. Disapprovals of the proposed replacement Auditors shall be subject to Section IX (Dispute Resolution) of the Decree.

10. Nothing in Paragraphs 3 - 9 precludes the United States and the State from assessing stipulated penalties for missed Audit deadlines associated with the need to replace an Auditor unless Defendant successfully asserts that the inability of the Auditor to perform the Audit as required was a Force Majeure event in accordance with Section VIII of the Consent Decree; however, any pending Audit deadline set out in Paragraph 24 may be extended by mutual, written agreement between the parties should an Audit deadline be affected while the United States and the State are evaluating a replacement Auditor following Defendant's timely submission under Paragraph 3.

11. Defendant shall be solely responsible for paying for each Auditor's fees and expenses.

12. **Notice of Audit Commencement.** At least 15 Days prior to the commencement of each Audit, Defendant shall provide notice to EPA and the State pursuant to Section XIII (Notices) of this Consent Decree of the Day that each Audit will commence along with the checklist that the Auditor(s) propose to use for the Audit.

13. **Clean Air Act 112(r) RMP Audit Standards.** The Auditor shall first audit Defendant's corporate-wide policies and engineering specifications that relate to the CAA Risk Management Program regulations that apply at the Facility according to the schedule set forth in the Table in Paragraph 24 of this Appendix. Specifically, for the Clean Air Act 112(r) RMP Audit, the Auditor shall use the Center for Chemical Process Safety's *Guidelines for Auditing Process Safety Management Systems* and evaluate the Facility's documentation and its processes and equipment for compliance with the following standards:

- a. Applicable RMP Regulations found at 40 C.F.R. Part 68, including Management System (per 40 C.F.R. § 68.15); Hazard Assessment (per 40 C.F.R. 68, Subpart B); Program 3 Prevention Program (per 40 C.F.R. 68, Subpart D); Emergency Response (per 40 C.F.R. 68, Subpart E); Risk Management Plan (per 40 C.F.R. 68, Subpart G); and Other Requirements (per 40 C.F.R. 68, Subpart H); and
- b. Other requirements contained in the Facility's RMP Plans, RMP Prevention Program, Chemical Accident Prevention Program, and Process Safety Management System. These include but are not limited to:
 - i. National Fire Protection Association (NFPA) standards 13, 25, 30, 30b, 68, 72, 400, 430, 497, 600, 650, 921, and 5000;
 - ii. Manufacturer recommendations;
 - iii. OSHA 1910.158 *Fire protection – Stand Pipe and Hose Systems*;
 - iv. Conveyor Equipment Manufacturers Association (CEMA) Standards
 - v. American Society of Mechanical Engineers (ASME) 820.1 – *Safety Standards for Conveyors and Related Equipment*;
 - vi. Clean Harbors Internal standards; and
 - vii. Nebraska Department of Health and Human Services Public Water System Standards Title 179 of the Nebraska Administrative Code.
- c. Defendant shall ensure that the Auditor conducts a Section 112(r)(7) Audit at the

Facility that shall:

- i. Evaluate all covered processes for compliance with the applicable requirements of: Section 112(r)(7) of the CAA, 42 U.S.C. § 7412(r)(7), 40 C.F.R. Part 68, the corporate-wide policies and engineering specifications in Paragraph 15 of Appendix A, and all applicable federal, state and local codes and regulations and requirements in Paragraph 13 of Appendix A. The Audit must have a particular focus on the following items:
 - (1) Safety Systems and current emergency response capability, if any, or reliance on local community first responders for releases of RMP chemicals;
 - (2) Equipment maintenance, including but not limited to replacing out-of-date hoses and repainting rusted surfaces of nurse tanks;
 - (3) Ensuring that Operating Procedures are current, accurate, and comprehensively cover all processes;
 - (4) Hazard Reviews, and ensuring that hazards are reviewed and findings are timely addressed
 - (5) Internal compliance audits are conducted every three years and findings are timely addressed and documented
 - (6) Training for operators and maintenance personnel is appropriate;
 - (7) Incidents, accidents, and releases are being reported in a timely manner and in compliance with applicable regulations; and
 - (8) Emergency contact information is updated in a timely manner and in compliance with applicable regulations.

14. **RCRA Audit Standards.** The Auditor may use whatever assessments or evaluations he or she believes will aid in the compliance evaluation but at a minimum shall conduct the on-site evaluation in accordance with the applicable provisions of the “Protocol for Conducting Environmental Compliance Audits of Hazardous Waste Generators under RCRA,” publication number EPA 305-B-01-003 (June 2001), and “Protocol for Conducting Environmental Compliance Audits of Used Oils and Universal Waste Generators under the Resources Conservation and Recovery Act,” publication number EPA 300-B-00-002 (March 2000), and shall complete the applicable portions of checklists contained in these protocols that delineate all items that were evaluated.

- a. The RCRA Auditor shall evaluate the Facility’s compliance with the following
